Madurai, Tamil Nadu

SUMMARY

Web developer with 1.5 years of experience creating custom themes and building interactive, responsive websites. I focus on writing clean code, designing easy-to-use interfaces, and fixing bugs to keep things running smoothly. Always eager to learn modern technologies and looking for the right place to grow my skills while contributing to meaningful projects.

EDUCATION

B. Sc Computer Science.
The American College, Madurai
June 2019 - April 2022

SKILLS

- HTML
- CSS
- Javascript
- React JS
- Next JS
- GSAP
- PHP
- Mysql

EXPERTISE

- Frontend Development using HTML5, CSS3, and JavaScript (ES6+)
- Building responsive, interactive websites with React.js, Next.js, and GSAP
- Creating custom WordPress themes and integrating with CMS platforms
- Implementing 3D and motion effects using Three.js for enhanced user experiences
- Writing clean, maintainable, and scalable code following best practices
- UI/UX translation from Figma designs to pixel-perfect, functional web pages

PROFESSIONAL EXPERIENCE

Web Developer
Supercode Design (Bengaluru) | March 2024 - Present

- Delivered responsive, SEO-friendly websites that matched design specifications.
- Integrated WordPress backend via APIs, connecting dynamic content seamlessly to frontend react applications.
- Created interactive user experiences through well-crafted website animations.
- Implemented 3D visuals and interactive elements using Three.js, adding dynamic depth to web interfaces.
- Collaborated with designers and managed multiple projects, ensuring timely delivery without compromising quality.
- Integrated backend features, connected projects to CMS, and deployed them to live servers
- Optimized website performance and maintained clean, reusable code for long-term scalability.

Web Designer Intern

Belef Technologies (Madurai) | Nov 2023 - Feb 2024

- Worked on designing and building websites, learning how projects move from an initial idea to website.
- Created layouts and prototypes in Figma to turn design concepts into web pages
- Picked up real-world skills in web design, development, and the overall workflow.
